PROFESSIONAL SUMMARY

While in school, I have been involved in conservation volunteer work, honors clubs, and research as an undergraduate research assistant. I have multiple certifications, including CPR and first aid, upper management practices, Leave No Trace, and the Institutional Review Board for Research. I bring a strong work ethic and eagerness to learn into professional settings, and apply my core competencies, which include:

- Time management
- Collaboration
- Responsibility

EDUCATION

Major: Ecosystem Science and Sustainability

Expected 05, 2026

Minor: Ecological Restoration
